While creating the menu, our Brand-Chef, Aleksey Cherkashin, drew inspiration from the memories that were carefully collected during his travels throughout Europe and Asia, at the same time remaining loyal to the techniques that he learned during his work together with the “godfather” of the Basque cuisine, Martin Berasategui, holder of 8 Michelin stars.

Aleksey: *“We combine the natural taste of the ingredients together with the individuality of our style and the perfectionism of serving the dishes”.*
